timeline

Delivery Journey: Our Structured Approach to Success

Delivery Model

Wave 1	Wave 2	Wave 3
<p>Wave 1 establishes the core finance platform for a single Australian entity, using standard, fit-to-standard SAP Cloud ERP processes aligned to GROW Fast. The focus is on speed, statutory compliance, and operational readiness, without unnecessary complexity.</p> <p>Key outcomes</p> <ul style="list-style-type: none"> • Live finance foundation in 12 weeks (Australia, single entity) • Faster month-end readiness, supported by baseline reporting and Financial Statement Versions (FSV) • Professional, day-one Australian-localised outputs, using standardised layouts • Accelerated reconciliation setup, enabled by baseline bank statement rules • AI-ready user experience, with Joule Base enabled as the foundation 	<p>Wave 2 adds automation, integrations, and advanced finance capabilities to improve efficiency, cash visibility, and decision-making as the business scales.</p> <p>Key outcomes</p> <ul style="list-style-type: none"> • Bank feeds & statement integration (optional, incl. Open Banking where applicable) • Improved cash, liquidity, FX, and payment visibility • Leverage FX accelerator (optional) with automated exchange-rate updates • Expanded outputs & layouts, including additional document types • AP automation to reduce manual processing and improve control • Advanced analytics and finance automation • Integrations to third-party systems (CRM, eCommerce, EDI, payroll) 	<p>Wave 3 focuses on optimising and future-proofing the platform for organisations with increased complexity, multi-entity structures, or strategic growth plans. It introduces advanced governance, lifecycle management, and extensibility beyond core operations.</p> <p>Key outcomes</p> <ul style="list-style-type: none"> • Advanced Receivables Management • Advanced Cash and Payment Management • Contract and Lease Management • Document and Reporting Compliance • SAP Multibank Connectivity for Corporate
